Commemorative Information

Memorial: THIEPVAL MEMORIAL, 280, 2
**Grave Reference/
 Panel Number:** Pier and Face 1 C and 1 D

Location: The Thiepval Memorial will be found on the D73, off the main Bapaume to Albert road (D929).

Historical Information: On 1 July 1916, supported by a French attack to the south, thirteen divisions of Commonwealth forces launched an offensive on a line from north of Gommecourt to Maricourt. Despite a preliminary bombardment lasting seven days, the German defences were barely touched and the attack met unexpectedly fierce resistance. Losses were catastrophic and with only minimal advances on the southern flank, the initial attack was a failure.

In the following weeks, huge resources of manpower and equipment were deployed in an attempt to exploit the modest successes of the first day. However, the German Army resisted tenaciously and repeated attacks and counter attacks meant a major battle for every village, copse and farmhouse gained. At the end of September, Thiepval was finally captured. The village had been an original objective of 1 July.

Attacks north and east continued throughout October and into November in increasingly difficult weather conditions. The Battle of the Somme finally ended on 18 November with the onset of winter. In the spring of 1917, the German forces fell back to their newly prepared defences, the Hindenburg Line, and there were no further significant engagements in the Somme sector until the Germans mounted their major offensive in March 1918.

The Thiepval Memorial, the Memorial to the Missing of the Somme, bears the names of more than 72,000 officers and men of the United Kingdom and South African forces who died in the Somme sector before 20 March 1918 and have no known grave. Over 90% of those commemorated died between July and November 1916. The memorial also serves as an Anglo-French Battle Memorial in recognition of the joint nature of the 1916 offensive and a small cemetery containing equal numbers of Commonwealth and French graves lies at the foot of the memorial.

The memorial, designed by Sir Edwin Lutyens, was built between 1928 and 1932 and unveiled by the Prince of Wales, in the presence of the President of France, on 31 July 1932.

The dead of other Commonwealth countries who died on the Somme and have no known graves are commemorated on national memorials

GODDARD ASSOCIATION OF EUROPE

7 February 2001

Dear Richard,

Thank you for sending the inscriptions which you found in the Malta Cappucini Naval Cemetery. John Goddard of Accrington kindly abstracted most of the Goddards who were killed in the First World War from the records for us and we have the CD made by the War Graves Commission.

Having looked at these I can tell you that L/Cpl C Goddard was **Charles Goddard, born in Mexborough, Yorks, who died in the Balkans of wounds.**

However, as Arthur George Goddard the other one, was not killed in the war, but before it, we have no record of him.

I shall pass the letter you wrote on to Richard Goddard (there are a lot of them about) at Malvern, who edits and compiles the Newsletter from snippets which people send him. If it is an item about a centenarian Goddard, or someone like Liz Goddard, Margaret Goddard of Worsley, Manchester, follows them up for us when alerted to the news item.

Brian and I run the Research Co-ordination Department, that is, we field answer the letters or e-mails which are sent to us asking about Goddard ancestry. We now have two filing cabinets, four tall bookcases, two computers, a printer and microfiche reader in what was a pleasant living room. John Goddard of Accrington is Membership Secretary, but he also acts a buffer zone and stops us being too overwhelmed. John Goddard of Shrewsbury is the GAE Treasurer (and a distant cousin of Richard). Brian writes and edits the monographs about various branches of the Goddards. He is working on the immense tree of the Goddard of Clyffe Pypard, Wilts. which is related to the landed Swindon Goddards.

We do not seem to have had a family tree or any queries from you yet... Can we help? For all you know your distant cousin has been trying to find you for years!

Yours sincerely,

Julie Goddard

PS You mean we aren't alone in looking round cemeteries while on holiday!!

BRITISH LEGION INITIATIVE TO PRESERVE COMMUNITY HERITAGE

At Buckhurst Hill, lying between Epping Forest and the River Roding at the south west tip of the county of Essex, the names of the hundred or so Buckhurst Hill men and women who sacrificed their lives in the 1914-18 war are recorded permanently. They appear on bronze plaques in the Lych Gate at the Parish Church (St John the Baptist). The names of 41 persons who similarly gave their lives in WWII are read out annually, alongside the WWI names, by the British Legion's Honorary Poppy Appeal Organiser at St John's Remembrance Service. On the same occasion the Legion places chaplets of poppies at the Lych Gate. The anomaly is that the WWII names are not however recorded at the Lych Gate alongside those of WWI on public display. They can in fact be found written on a wooden board located in a rather inaccessible and dark corner of the church. On public display I suppose but only to very diligent searchers!

The local branch of the Legion has taken the initiative to use the 60th anniversary of the end of the war to rectify this anomaly – albeit that rather a long time has been left before someone has done anything. 'Better late than never'. The US Government in 2004 installed a WWII Memorial in Washington DC so we are in good company for allowing such a delay!

Initially the idea was mooted in 2004 and immediately the Buckhurst Hill Residents' Society expressed a very real interest in the idea and made a generous donation towards the initiative. News got around the community and other donations started to come in. An interesting one came from a retired school master from Wolverhampton. His father, who died in Luxembourg in 1944, appears on the list of names read out annually on Remembrance Sunday. Wireless Operator/Air Gunner Sergeant **Ivor Eugene Laughlin** of 10 Sqn RAFVR died on March 27th 1944 and is buried in grave VI E 5 at the Hotten War Cemetery, Luxembourg. 21 year old Ivor was the son of Albert and Hattie of Buckhurst Hill and the husband of Glenys Blodwen Laughlin of Wanstead. Ivor never knew he was the father of Michael Laughlin of Wolverhampton. Following Ivor's death the MOD returned his personal belongings to his wife and among them was a letter she had sent him announcing the birth of their son – unopened! The 2005 Lych Gate Appeal has also asked the War Memorials Trust for assistance.

The Legion wanted to make sure that the list of names was accurate and complete and therefore requested its Historian, Bill Oliver, to delve in the archives of the Commonwealth War Graves Commission (CWGC) and the local *Woodford Times* (now extinct). Bill has come up with some interesting findings. The CWGC records of individuals take the following form: 'Lieut. **Cyril Sidney Nicholls**, HMS Patia, RNVR d. 27th April 1941 aged 36. Son of Sydney and Ethel Nicholls of Buckhurst Hill and husband of Renee S Nicholls of Epsom Downs, Surrey. Buried at St John the Baptist, Buckhurst Hill.' When this item was publicised in Buckhurst Hill a member of the Residents' Society announced that there must be an error, **Cyril Nichols** (with one 'l') was the sailor from Buckhurst Hill who died in support of his country. She

went on to tell us that Cyril Nichols (with one 'l') had been excused military service as he belonged to 'a reserved occupation' but had taken his boat out to Dunkirk and on his way back with a very crowded boat, had been dive-bombed and all aboard had perished. However this took place in the Spring of 1940 and Cyril Nicholls (with two 'll's) died in the Spring of 1941. Also this Cyril was a naval officer and not someone excused military service on grounds of his occupation. Obviously we are talking about two different men. Another interesting fact is that neither of them appear in the list of names read out annually in St John the Baptist. Immediately this list goes from 41 to 43. However should Cyril who died returning from Dunkirk, a civilian, be recorded on the memorial? As far as Buckhurst Hill's heritage is concerned it is felt he should. He died a hero's death albeit he did not receive the King's shilling. Buckhurst Hill should be proud of him and want him to be awarded the accolade of appearing at its Lych Gate.

Cyril Nicholls was one of 21 names of Buckhurst Hill men and women that Bill Oliver found in the CWGC records that were 'unknown warriors' to Buckhurst Hill's records - their names had never been read out at Remembrance. This means that the list of names to go on the Lych Gate has gone up from 41 to 62 (or 63 if we include Cyril Nichols). Bill also revealed that ten names in the list read out in Church are not in the CWGC or the *Woodford Times* records. One of these of particular interest to me is **Frederick Goddard**. I am approaching the Goddard Association, of which I am a member, to see if they can tell us anything about him. If these ten persons are honoured in this way the number goes to 73!

We hope that the publicity that we are giving to all 73 names will resolve some of the difficulties in time for bronze plaques, giving the names of Buckhurst Hill's WWII dead, to be placed at the Lych Gate and for the memorial to be re-dedicated this summer - on the anniversary of the end of WWII. The Rt Revd John Gladwin, Bishop of Chelmsford, has kindly expressed a willingness to perform the re-dedication.
