

Dear Julie,

By one of those strange coincidences we have with our family trees I noticed is some very old Hampshire Family History Society Journals, that you had organized a GODDARD one name study.

I very nearly asked you about your area when I wrote to thank you for the books. All my father's family came from Hampshire, as far back as the registers go. When we travel the road from Newbury to Winchester I bore every one by saying my ancestors came from the various places we pass.

I have enclosed some records.

Elizabeth Goddard fascinates me; I would like to get to the bottom of the mystery of what happened to her first husband, John Parfitt. He gave us a surname but no blood ties; we should be Horne by blood. By the fact that she did not marry again until she had 8 children by William Horne, I think he must have been alive. But where?

Whoever made up the parish records for Abbots Ann went to town with Base Born, half the village were.

I would be very interested to know if you have any more information on this Goddard, if not please add this story to you research.

Yours sincerely,

*Cis*

Cis Taylor.
